Description

Transform your touring car into the ultimate 'Knight Rider' with R/C Neon's range of fluorescent, glow-in-the-dark body accessories. These easy to mount accessories add amazing realism to your car, transforming it into a trick street machine. All light kits and lightning strips are powered by a 9v battery and can be easily installed to most r/c vehicles. All sets supplied with power transformer and full instructions. Includes 2 license plates and transformer
